

## **Functional Guarantee of SHG**

We give onto our products a functional guarantee of 5 years. This guarantee says, that our warning and protective bumper guards stay functional within the first five years after purchase date with regard to protection and warning-effect, that is to remain fully operative with regard to elasticity, surface and consistency of the warning-function.

This functional guarantee implies appropriate use of warning and protective bumper guards, in particular attention has to be paid to the guidelines of fixing and use.

Excluded from this guarantee is the adhesive power as well as the UV-resistance.
